Child's Name: _____

Teacher: _____

In an effort to increase community involvement in our school math challenge, we would like to invite parents, grandparents, aunts and uncles to practice your math skill by completing this month's Suduko puzzle with the help of a Wiscasset Primary School student. When you are done, cut this square out, write your child's name below the puzzle and have the child bring it to the main office. The puzzle will be entered into a monthly drawing for a free large pizza. All entries are due by Friday, March 2nd. We will continue to put a math challenge in each of the remaining monthly newsletters. When you add it all up, it equals math fun with your child and a chance to win a pizza to enjoy together.
